

From the intersection of Hwy 206 and Hwy 70, go south on 206 about a mile and take a left on Carranza Road (big sign at that intersection says "Carranza Memorial"). Follow Carranza Rd. into Wharton State Forest and keep going. After about 8 miles, you'll see the Carranza Memorial on the right. Almost immediately, turn left onto a sand road where you see the sign "Batona Campsite." Follow the sand road about three tenths of a mile and you will see the campsite directly in front of you.
