

2014 Native Plant Sale Price List

Native Plant Sale: Saturday, April 26th 11:00 a.m. to 3:00 p.m.

****PPA Members Only Sale:** Friday, April 25th 3:00 p.m. to 6:00 p.m.**

(Must be a PPA member or become a PPA member on April 25 to purchase plants on this day.)

Please note the availability of listed plants can change with short notice due to loss or damage prior to delivery.

The long winter means that some of these plants may not be ready by the date of the sale.

Quantities are limited. There is no pre-ordering of plants.

Plants are provided by Pinelands Nursery & Supply in Columbus, Fernbrook Nursery in Chesterfield, and New Moon Nursery in Bridgeton. Many thanks to them for their support of this event!

Container Size 1 = 7" deep by 6" in diameter
Container Size 2 = 9" deep by 8" in diameter
Container Size 3 = 9.75" deep by 11" in diameter
Other container sizes as listed.

HERBACEOUS PERENNIALS

Scientific Name: *Andropogon virginicus*

Common Name: Broomsedge Bluestem

Container Size: 2" Plug

Price: \$2.50

Description: Common species of dry, open sites. Like Little Bluestem, but leafier and stouter flowers tucked inside bracts. 2'-5' high. Upland, dry sites. Semi-shade. Attracts birds and butterflies. Flowers mid-August to late September.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Aquilegia canadensis*

Common Name: Eastern Columbine

Container Size: 2" Plug

Price: \$2.50

Description: Showy pink to red lantern-shaped flowers with long nectar spurs. 2'-3' tall. Tolerates dry soil but prefers medium moisture soils. Full sun to part shade. Great hummingbird attractor. Flowers April to May.

Native To: *South Jersey*

Scientific Name: *Asclepias incarnata*

Common Name: Swamp Milkweed

Container Size: Quart

Price: \$6

Description: Large blossoms of small, fragrant, upturned rose-purple flowers. Great host plant for Monarch butterflies and hummingbirds. Great for rain gardens and habitat. 2'-6' tall. Moist to wet soils; sun to part shade. Can thrive in mucky clay soils. Blooms June through October.

Native To: *South Jersey and Pine Barrens Periphery*

Scientific Name: *Asclepias tuberosa*

Common Name: Butterfly Milkweed

Container Size: 2" Plug

Price: \$2.50

Description: A tough drought-tolerant native with intense orange flowers May - September. Attracts many varieties of butterfly and is especially attractive to Monarchs. Occurs in dry fields and roadsides. Prefers full sun but can grow in part shade. Maximum height 12"-18". Moist to dry soils.

Native To: *South Jersey*

Scientific Name: *Aster novae-angliae*

Common Name: New England Aster

Container Size: Quart

Price: \$6

Description: Easily grown in average, medium, well-drained soils in full sun. Prefers moist, rich soil. Lavender, purple or blue flowers August - October. Pinching back the stems several times by mid-July will help control plant height, promote bushiness and relieve the need for staking. Attracts bees and butterflies. Somewhat drought tolerant. 3'-5' high.

Native To: *South Jersey*

Scientific Name: *Aster spectabilis*

Common Name: Showy Aster

Container Size: 2" Plug

Price: \$2.50

Description: Bright violet daisy-like flowers. 1'-2' tall. Likes dry, sandy clearings and full sun. Drought tolerant. Attracts bees and butterflies. Flowers August to October.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Baptisia australis*

Common Name: Blue False Indigo

Container Size: 2" Plug

Price: \$2.50

Description: A robust, bushy perennial with blue-purple pea-like flowers. Of special value to native bumble bees. Turns silvery-grey in fall. 3'-6' tall. Flowers April through July. Prefers moist, well-drained soils and sun.

Native To: *South Jersey*

Scientific Name: *Caltha palustris*

Common Name: Yellow Marsh Marigold

Container Size: 2" Plug

Price: \$2.50

Description: Bright yellow showy flowers atop glossy, succulent, heart-shaped leaves. Flower clusters resemble large buttercups. 1'-3' tall. Blooms April and May. Part shade to shade; moist to wet acidic soils. Grows in mud!

Native To: *South Jersey*

Scientific Name: *Carex pensylvanica*

Common Name: Pennsylvania Sedge

Container Size: 2" Plug

Price: \$2.50

Description: A low-growing, clumped, grass-like perennial. Leaves are pale green in spring and summer and turn to an attractive sandy-tan in fall. 6"-12" high; tends to fall over on itself as it gets taller, making a wispy undulating ground cover. One of the best ground cover plants in the Pine Barrens! Sun, part shade, shade; dry to moist soils.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Echinacea purpurea*

Common Name: Purple Coneflower

Container Size: 2" Plug

Price: \$2.50

Description: The popular butterfly magnet. Seeds provide food for goldfinches. 3'-4' tall with pink-purple flowers that bloom from June through September. Medium to dry soils; full sun to part shade.

Native To: *South Jersey*

Scientific Name: *Eupatorium coelestinum*

Common Name: Blue Mistflower

Container Size: 2" Plug

Price: \$2.50

Description: Perennial with ornamental lavender flowers - nice border plant. Will also fill in as a ground cover. From 1' to 2' tall. Found in sandy coastal marshes and drier inland meadows. Flowers are attractive to bees and butterflies. Flowers appear from July to October. Grows best in full sun but will tolerate shade.

Native To: *South Jersey*

Scientific Name: *Eupatorium maculatum*

Common Name: Spotted Joe Pye Weed

Container Size: 2" Plug

Price: \$2.50

Description: Dusty rose-colored flowers blooming for many weeks in July and August. Adds soft texture to a summer or fall garden. Dozens of species of butterfly flock to this plant! Likes full sun to part shade and moist soils. To 5' tall in good conditions; spreader.

Native To: *South Jersey*

Scientific Name: *Eupatorium perfoliatum*

Common Name: Boneset

Container Size: Quart

Price: \$6

Description: White-flowered perennial good for wet to medium soils. Found naturally along streams and at woodland edges. 3'-4' tall, blooms July-September. Full sun to part shade.

Native To: *South Jersey*

Scientific Name: *Heliopsis helianthoides*

Common Name: Smooth Oxeye

Container Size: 2" Plug

Price: \$2.50

Description: Adaptable perennial of dry open sites. Showy golden flowers in summer. From 3'-4' tall. Likes sandy soil. Needs full sun and can tolerate moist to dry conditions.

Native To: *South Jersey*

Scientific Name: *Iris versicolor*

Common Name: Blueflag Iris

Container Size: 2" Plug

Price: \$2.50

Description: This iris has attractive blue to purple flowers and blooms May - July. From 2' to 3' tall. Grows in medium to wet soils in full sun to partial shade. Can grow in 2"-4" of shallow standing water. Does best in full sun and moist, rich soils. Will spread by self-seeding and extension of rhizomes.

Native To: *South Jersey*

Scientific Name: *Juncus militaris*

Common Name: Bayonet Rush

Container Size: 2" Plug

Price: \$2.50

Description: Graceful wetland plant at home in shallow water of lakes, ponds, and streams in sandy, gravelly, or peaty soil. Slender sedge up to 3' tall. Flowers early July to August.

Native To: *Pine Barrens and South Jersey*

Scientific Name: *Liatrix spicata*

Common Name: Dense Blazing Star

Container Size: 2" Plug

Price: \$2.50

Description: Slender, erect perennial that reaches a height of 3'-4'. A dense spike of purple flowers appears July - September. Likes full sun but can tolerate partial shade. Grows best in moist, acidic sandy soil. Attractive to bees, hummingbirds and butterflies. Low maintenance plant that may be resistant to deer.

Native To: *South Jersey*

Scientific Name: *Lobelia cardinalis*

Common Name: Cardinal Flower

Container Size: 2" Plug

Price: \$2.50

Description: Pretty herb of wetlands with striking, bright red flowers & toothed alternate leaves. Flowers May - October. Attracts hummingbirds. To 5' tall. Needs wet or moist soil and likes sun, partial shade or shade.

Native To: *South Jersey*

Scientific Name: *Lobelia siphilitica*

Common Name: Great Blue Lobelia

Container Size: 2" Plug

Price: \$2.50

Description: Like Cardinal Flower but with spikes of blue flowers. 2'-4' tall, flowers July to September. Prefers wet soils but will tolerate medium moisture. Likes some shade but will tolerate full sun if soil is wet.

Native To: *South Jersey*

Scientific Name: *Monarda didyma*

Common Name: Scarlet Beebalm

Container Size: 2" Plug

Price: \$2.50

Description: Also known as Oswego Tea. Dense showy perennial with scarlet-red flowers reaching out from a central terminal cluster. Very attractive to hummingbirds, butterflies, and bees. Leaves have a minty fragrance. 2'-4' tall. Flowers May through October. Sun to part shade. Moist to wet soils.

Native To: *South Jersey*

Scientific name: *Monarda punctata*

Common Name: Spotted Beebalm; Horsemint

Container Size: 2" Plug

Price: \$2.50

Description: Aromatic perennial with rosettes of pale yellowish, purple-spotted tubular flowers in terminal whorls. Large, showy white-purple bracts look like additional petals. Special value to bumble bees and honey bees. 1'-3' tall. Blooms April through August. Sun and dry, sandy soils.

Native To: *South Jersey and Pine Barrens Periphery*

Scientific Name: *Onoclea sensibilis*

Common Name: Sensitive Fern

Container Size: Quart

Price: \$6

Description: Deciduous fern with broad, deeply lobed leaves. Spreads in moist soils and stays low to the ground; 12-18" in height. Great groundcover in moist shady sites. Prefers moist, rich, well-drained soils in full shade to partial shade. Sensitive to early frost.

Native To: *South Jersey and Pine Barrens Periphery*

Scientific Name: *Panicum virgatum*

Common Name: Switchgrass

Container Size: Quart

Price: \$6

Description: Very common bunch grass of medium to dry open sites. Attractive fall and winter color. To 6' tall. Can grow in moist and dry soils. Sun to semi-shade.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Pycnanthemum muticum*

Common Name: Clustered Mountain Mint

Container Size: 2" Plug

Price: \$2.50

Description: Easy to grow, minty aromatic foliage with silvery white tops. Tiny light pink-white flowers in clusters. Great for woodland borders. One of the best nectar sources for native butterflies. Attracts swarms of pollinators to your garden! 2'-3' tall. Flowers June-September. Moist to moderate well-drained soils. Sun to part shade. Deer resistant!

Native To: *South Jersey*

Scientific Name: *Rhexia virginica*

Common Name: Meadow Beauty, Handsome Harry

Container Size: 2" Plug

Price: \$2.50

Description: Beautiful Pine Barrens perennial that naturally grows in wet soils and bogs. Four magenta to pale pink petals surround a cluster of elongated bright yellow stamen that dangle like a beard. To 2' tall, but usually up to 1' in height. Blooms in second year of growth, late July through September. Prefers wet, acidic, sandy soils and sun. Great for a bog garden.

Native To: *Pine Barrens*

Scientific Name: *Rudbeckia hirta*

Common Name: Black-Eyed Susan

Container Size: 2" Plug

Price: \$2.50

Description: Popular cheery yellow garden flower. Great for pollinator gardens – attracts bees and butterflies. 2'-3' tall, full sun to part shade. Flowers July to September. Medium to dry soils; drought tolerant.

Native To: *South Jersey*

Scientific Name: *Schizachyrium scoparium*

Common Name: Little Bluestem

Container Size: Quart

Price: \$6

Description: Elegant bunchgrass of eastern U.S. Thrives on dry sites and poor soil. Colorful fall foliage. 2'-3' tall. Likes dry conditions. Sun to semi-shade. Flowers late July-October.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Scirpus cyperinus*

Common Name: Woolgrass

Container Size: Quart

Price: \$6

Description: A member of the sedge family, a great plant for wet to moist soils with reddish-brown spikelets of wooly flowers. Provides wildlife value in the form of food from seeds and nesting habitat for wetland birds. 3'-5' tall, flowers June through September. Full sun to part shade.

Native To: *South Jersey and Pine Barrens Periphery*

Scientific Name: *Silene caroliniana*

Common Name: Wild Pink, Sticky Catchfly

Container Size: 2" Plug

Price: \$2.50

Description: Brilliant pink, phlox-like clusters of flowers from May to July. Semi-evergreen narrow foliage. To 12" tall. Prefers dry to moist, well-drained soils in full sun to part shade. Tolerant of dry, shallow-rocky soil. Great in rock gardens.

Native To: *South Jersey*

Scientific Name: *Solidago nemoralis*

Common Name: Gray Goldenrod

Container Size: 2" Plug

Price: \$2.50

Description: Slender-stemmed plant with small yellow flowers that arch downward, forming yellow plumes. Attracts butterflies and honey bees. Individual plants bloom at various times, mostly in late summer through fall. 1'-3' tall. Sun, part shade, shade. Dry soils.

Native To: *South Jersey and Pine Barrens Periphery*

Scientific Name: *Verbena hastata*

Common Name: Blue Vervain

Container Size: 2" Plug

Price: \$2.50

Description: Slender spikes of densely-packed purplish-blue flowers on tall stems. 2'-6' tall; medium to wet soils. Blooms July to August; full sun to part shade. Attracts butterflies and is a great plant for rain gardens.

Native To: *South Jersey*

Scientific Name: *Vernonia noveboracensis*

Common Name: New York Ironweed

Container Size: Quart

Price: \$6

Description: Great butterfly attractor with numerous tiny, fluffy, deep purple flowers in loose clusters atop stiff, leafy stems. Tolerates a wide range of soils, prefers medium to wet soils. 4'-8' tall. Full sun to part shade.

Native To: *South Jersey*

TREES / SHRUBS / VINES

Scientific Name: *Arctostaphylos uva-ursi*

Common Name: Bearberry

Container Size: #1

Price: \$10

Description: A very characteristic Pine Barrens creeping woody groundcover. Small evergreen leaves and white to pink blueberry-like flowers; fruit a red berry. Great groundcover for dry soils. 6"-12" tall, spreading up to 4'. Blooms April to May. Prefers well-drained, acidic, sandy soils and full sun to light shade.

Native To: *Pine Barrens*

Scientific Name: *Aronia arbutifolia*

Common Name: Red Chokeberry

Container Size: #1 2-3'

Price: \$12

Description: Multi-stemmed shrub with clusters of white to light pink flowers followed by abundant glossy red fruits. 6'-10' tall. Flowers in late April. Prefers well-drained, medium-moisture soils and can tolerate boggy soils. Full sun to part shade.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Aronia melanocarpa*

Common Name: Black Chokeberry

Container Size: #1 2-3'

Price: \$12

Description: Shrub with smooth leaf surfaces. Found in forested wetlands and shrub bogs. White to pink flowers on smooth stalks develop into 1/4" black fruits. 5'-10' high. Can grow in wet or dry areas. Prefers partial shade. Flood tolerant.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Carpinus caroliniana*

Common Name: Ironwood

Container Size: #2 3-4'

Price: \$16

Description: Small tree with beautiful smooth, grey, fluted bark. Also called "musclewood" because of its sinuous texture. Prefers deep fertile, moist, acidic soil. 20'-30' tall. Full sun to shade.

Native To: *South Jersey*

Scientific Name: *Ceanothus americanus*

Common Name: New Jersey Tea

Container Size: #1 12-18"

Price: \$10

Description: Compact deciduous shrub 3' to 4' tall and 3' to 5' wide. Blooms May to July with clusters of white flowers. Fragrant and attractive to hummingbirds and butterflies. Full sun to part shade, dry to moist soils, drought-tolerant. Best in sandy loams or rocky soils with good drainage. Dried leaves were used as a (caffeine-free) tea substitute in the American Revolutionary War!

Native To: *South Jersey and Pine Barrens Periphery*

Scientific Name: *Cephalanthus occidentalis*

Common Name: Buttonbush

Container Size: #1 18-24"

Price: \$10

Description: Medium-sized shrub often growing in 1 foot or more of water. Flowers early June to late August. Small white flowers cluster together forming large button-like ornaments. 3' to 6', can reach 15'. Grows best in partial shade; can grow in full shade. Requires wet or saturated soils.

Native To: *South Jersey and Pine Barrens Periphery*

Scientific Name: *Chamaecyparis thyoides*

Common Name: Atlantic White Cedar

Container Size: #2 2-3'

Price: \$14

Description: Characteristic graceful evergreen tree of Pine Barrens swamps and bogs. Bright bluish-green needles. Up to 50' tall. Prefers deep, moist, sandy soil. Small brown cones. Best in full sun.

Native To: *Pine Barrens*

Scientific Name: *Clethra alnifolia*

Common Name: Sweet Pepperbush

Container Size: #1 18-24"

Price: \$10

Description: Medium size shrub of wetlands, swamps and sandy woods. Racemes of very fragrant, white flowers blossom July - August. 3'-8' or larger in moist soil. Prefers wet or moist acidic soil but can grow in dry soils. Sun, partial-shade, shade.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Cornus florida*

Common Name: Flowering Dogwood

Container Size: #2 4-5'

Price: \$16

Description: One of the most charming and conspicuous small woodland trees. Tiny flowers are surrounded by showy, white, petal-like bracts. Bright red fall fruits attract migrating birds. 15'-30' tall. Blooms April to May. Medium moisture, well-drained soils. Prefers organically rich, acidic soils in part shade, but can do well in full sun.

Native To: *South Jersey*

Scientific Name: *Hudsonia ericoides*

Common Name: Pine Barrens Heather

Container Size: #1 **Price:** \$16

Description: A characteristic Pine Barrens plant! Low shrub with bushy, branching stems. Small bright yellow flowers late May-early June. Common on dry, open sands. Likes well-drained sandy soil in a mostly sunny location. We recommend that you plant this in native Pine Barrens sandy soil in a sunny spot. They will require watering until they are established. These special Pinelands plants are of limited quantity and were grown and generously donated by a PPA member!

Native To: *Pine Barrens*

Scientific Name: *Ilex glabra*

Common Name: Inkberry Holly

Container Size: #1 12-18" **Price:** \$10

Description: Midsized evergreen, dioecious shrub of acidic soils. The only *Ilex* species to sucker. 6'-8' tall. Female plant makes shiny black berries. Semi-shade to shade. Prefers moisture but can tolerate dry conditions. Flowers mid-June to early July. Fruits mid-September to November.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Ilex verticillata*

Common Name: Winterberry Holly

Container Size: #2 3-4' **Price:** \$14

Description: Medium size, deciduous multi-stemmed, dioecious shrub of swamps & forested wetlands. Bright red berries that persist through fall & winter are wonderfully ornamental and good for wildlife food. Fruit mid-September to October. 6'-10' tall. Prefers wet conditions but can grow in dry conditions once established. Sun, partial shade and shade.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Itea virginica*

Common Name: Virginia Sweetpire

Container Size: #1 18-24" **Price:** \$10

Description: Small deciduous shrub of wet acidic sites. Very ornamental with fragrant white flowers in the late spring & lovely burgundy fall color. Flowers early June to July. 3'-6' tall but can reach 10'. Prefers medium to wet soils but can tolerate a wide range of soil conditions. Prefers partial shade but can be grown in full sun once established.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Kalmia latifolia*

Common Name: Mountain Laurel

Container Size: #3 15-18" **Price:** \$14

Description: Evergreen shrub between 12'-20' tall. Showy white to pink bell-shaped flowers appearing June - July. Likes moist acidic soils. Can grow in full sun to full shade but grows best in partial shade.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Kalmia latifolia* "Bullseye"

Common Name: Mountain Laurel "Bullseye"

Container Size: #2 15-18" **Price:** \$16

Description: Variety of Mountain Laurel with striking clusters of flowers that are white with a broad cinnamon-purple band on the inside. 4' - 5' tall. Blooms late spring to early summer. Moist, acidic soils. Prefers part shade but tolerates a wide range of light conditions

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Kalmia latifolia* "Carol"

Common Name: Mountain Laurel "Carol"

Container Size: #2 15-18"

Price: \$16

Description: Variety of Mountain Laurel with dark pink-red buds that open to bubblegum-pink blooms and mature to nearly white, offering great flower color contrast. 3½' - 5' tall. Blooms late spring to early summer. Dry to moist, sandy, acidic soils. Prefers shade to full sun.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Kalmia latifolia* "Firecracker"

Common Name: Mountain Laurel "Firecracker"

Container Size: #2 15-18"

Price: \$16

Description: Variety of Mountain Laurel with amazing red buds that pop open to reveal white to light pink flowers, creating great contrast. Grows well in full sun to part shade in cool, moist, well-drained, acidic soil. Blooms early through mid-summer. Up to 4-5' tall.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Kalmia latifolia* "Little Linda"

Common Name: Mountain Laurel "Little Linda"

Container Size: #2 15-18"

Price: \$16

Description: Dwarf variety of Mountain Laurel with dark red buds that open to near white flowers that age to a light pink. 3' tall. Blooms late spring to early summer. Moist, well-drained soils. Part shade to shade.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Kalmia latifolia* "Pink Charm"

Common Name: Mountain Laurel "Pink Charm"

Container Size: #2 15-18"

Price: \$16

Description: Variety of Mountain Laurel with deep pink buds that open to clear medium pink. Can reach 5'-8' tall. Blooms late spring to early summer. Moist, acidic, well-drained soils. Best in part shade.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Kalmia latifolia* "Sarah"

Common Name: Mountain Laurel "Sarah"

Container Size: #2 15-18"

Price: \$16

Description: Very compact variety of Mountain Laurel at just 3-4' tall. Summer blooms are red in bud and pinkish-red in flower. Full sun to part shade; moist, well-drained soils.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Liquidambar styraciflua*

Common Name: Sweetgum

Container Size: #1 2-3'

Price: \$12

Description: Shade tree that grows to 60-80' in height. Fall foliage looks like rainbow-colored stars! Prefers deep, moist soils but tolerates a wide variety of average to medium well-drained soils in full sun. Intolerant of shade. Spiky gum balls drop in early spring.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Lonicera sempervirens*

Common Name: Trumpet Honeysuckle

Container Size: 2" Plug

Price: \$2.50

Description: Slender, high-climbing vine with evergreen leaves. Flowers trumpet-shaped, red on the outside, yellow on the inside. A favorite among hummingbirds! Ornamental bright red berries in fall. Great for trellis or wall climbing. 3'-20' long. Blooms March through June. Sun to part shade; moist soils preferred.

Native To: *South Jersey*

Scientific Name: *Magnolia virginiana*

Common Name: Sweetbay Magnolia

Container Size: #2 3-4'

Price: \$14

Description: Small tree with showy, aromatic white flowers. Semi-evergreen leaves and brilliant red ornamental fruit. Spicy, aromatic leaves. 10'-30' tall. Blooms mid-June. Wet to moist acidic soils. Prefers full sun but tolerates partial shade.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Myrica (= Morella) cerifera*

Common Name: Wax Myrtle

Container Size: #1 18-24"

Price: \$10

Description: Drought and salt-tolerant evergreen shrub. Great as a screening plant. Sun to partial shade. Prefers moist, sandy soils but tolerates a range of soil types from sand to clay. Normally maintained at about 10-15' tall but can grow taller. Bluish-white berries yield fragrant wax for candles.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Parthenocissus quinquefolia*

Common Name: Virginia Creeper

Container Size: #1

Price: \$10

Description: A vine that trails along the ground or climbs up surfaces with adhesive tendrils. Attractive scarlet red fall foliage with deep blue berries that are a food source for birds. Flowers June-July. 30'-50' tall. Medium to dry soils. Full sun to full shade. Spreads quickly.

Native To: *South Jersey and Pine Barrens Periphery*

Scientific Name: *Pinus rigida*

Common Name: Pitch Pine

Container Size: #3 18-21"

Price: \$14

Description: The characteristic Pine Barrens tree. Large when grown on good sites and protected from fire, scrubby and flat topped when burned. Equally at home on both dry sites and in wetlands. 40'-60' tall. Likes sunny conditions.

Native To: *Pine Barrens*

Scientific Name: *Pinus virginiana*

Common Name: Virginia Pine

Container Size: #1 12-18"

Price: \$14

Description: Evergreen tree which grows best on clay loam or sandy loam sites, very shade intolerant. To 40'. Likes moist soil and sunny conditions.

Native To: *South Jersey and Pine Barrens Periphery*

Scientific Name: *Prunus maritima*

Common Name: Beach Plum

Container Size: #1 18-24"

Price: \$14

Description: Salt tolerant, medium size, rounded shrub of the outer coastal plain. Attractive white flowers; its fruit is prized for making jams. To 6' tall. Flowers late April to May. Fruits early September to October. Grows in moist or dry sandy conditions and likes sun.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Quercus stellata*

Common Name: Post Oak

Container Size: #2 3-4'

Price: \$14

Description: Characteristic Pinelands oak tree 35-50' tall. Full sun, dry to medium soils. Drought-tolerant. Fruits are oval acorns and an important source of food for wildlife. Leathery, dark green leaves shaped like a cross. Durable wood has been used for fence posts.

Native To: *Pine Barrens and Pine Barrens Periphery*

Scientific Name: *Rosa carolina*

Common Name: Carolina Rose

Container Size: #1 2-3'

Price: \$12

Description: Deciduous rose 1-3' tall (less frequently to 6') and spreading 5-10'. Blooms in spring to early summer with fragrant and attractive pink flowers with a yellow center. Attracts birds and butterflies! Best grown in medium to wet, well-drained soil in full sun. Water roots deeply on summer mornings.

Native To: *South Jersey*

Scientific Name: *Vaccinium angustifolium*

Common Name: Lowbush Blueberry

Container Size: #1 6-12"

Price: \$12

Description: Low-growing shrub forming dense colonies on dry, sterile soils. Sweet, delicious fruit and deep red stem and leaf color in fall. Fruits from late June to August. 1'-2' tall. Likes moist or dry soils. Sun, partial shade, shade.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Vaccinium corymbosum*

Common Name: Highbush Blueberry

Container Size: #1 12-18"

Price: \$14

Description: Medium tall shrub at home in acidic lowlands. A plant for all seasons with attractive flowers, tasty fruit, scarlet fall foliage & red winter stem color. Fruits early July to early August. To 12' tall. Likes moist soils but with some irrigation can also be grown on drier sites. Sun, partial shade, shade.

Native To: *South Jersey and Pine Barrens*

Scientific Name: *Viburnum dentatum*

Common Name: Arrowwood Viburnum

Container Size: #2 3-4'

Price: \$14

Description: Dense, rounded, multi-stemmed shrub with showy white flowers, pleated foliage, and blue-black berries. Ornamental and useful to birds. Blooms May-June. 6'-15' tall. Dry to moist soils. Full sun to part shade.

Native To: *South Jersey*

Scientific Name: *Viburnum nudum*

Common Name: Witherod

Container Size: #1 2-3'

Price: \$12

Description: Deciduous shrub with white flowers that attract butterflies and showy fruit attracts birds. Red foliage and blue berries in fall provide ornamental interest. Blooms April to May. 5'-12' tall. Medium to wet soils; full sun to part shade.

Native To: *South Jersey and Pine Barrens*
