**Re: Ocean County's request to remove properties from ROSI - Block 15,  
Lots 1-3, 4.01, 5.02, 6 & 7.01; Block 16, Lot 1; Block 18, Lot 1.01 in Berkeley  
Township and Block 2825, Lot 3 in Lacey Township**

Dear Ms. Yeany:

In our December 23, 2009 letter the Pinelands Preservation Alliance referenced several government records. This letter and its attachments provides an update on our efforts to obtain relevant documentation on:

- ***"PPA placed an OPRA request with Ocean County for a copy of the minutes and ordinance which was passed in May 1970 and will forward if it is received."*** A May 21, 1970, Asbury Park Press article, included with our December letter, suggested that a bond ordinance would be repaid with a \$150,000 Federal grant and \$150,000 from the state. PPA believes the state funds being referred to were NJ Green Acres dollars. The attached Ocean County Freeholder meeting minutes on page 8, Ordinance # 7 indicates that 437 acres of land adjacent to the Robert J. Miller Air Park would be purchased. This ordinance appropriates \$300,000 from the county capital improvement fund. Page 7 of the minutes does indicate the funds were going to come from the "Federal Government and Green Acres Program" and that applications had been made to these agencies. The

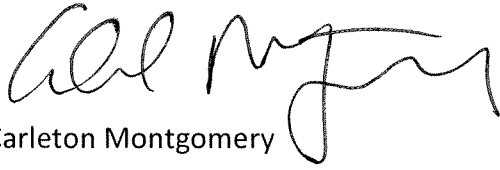

minutes talk about the number of acres currently in the county's park inventory. This suggests that they were purchasing parkland and that it would be paid for with Federal and State dollars. The state funds were identified as the "Green Acres Program." The minutes also state the land is "disassociated" from the Robert J. Miller Airpark site meaning that it was not part of the facility but rather land surrounding it to be protected as open space. The land consisted of 5 pieces one of which was 221 acres in size.

- ***"A March 30, 1972 Asbury Park Press article (Exhibit 6) talks about a master plan being created for the multi-use recreational area of the Robert J. Miller Airpark. PPA believes this multi-use is the small air strip and the passive recreation lands surrounding the airpark which were purchased with Green Acres dollars. PPA has placed an OPRA request with Ocean County for a copy of the nature plan and will forward it to you if it is received."*** Ocean County responded that they did not have the document.
- ***"In reference to Block 18, Lot 1.01 in Berkeley Township, PPA is submitting the April 20, 1972 Daily Observer article (Exhibit 7) which talks about an application being submitted to the NJ Green Acres program for acquisition dollars with one of the properties being on the north side of Route 530 in Berkeley Township opposite the Robert J. Miller Airpark. PPA has placed an OPRA request with Ocean County for a copy of the April 19, 1972 meeting minutes and authorizing resolution and will forward to you if it is received."*** The April 19, 1972 minutes are attached. Page 16 says the Board authorized the county to apply for a federal grant not Green Acres funds for the 56 acres of land on the northerly end of the runway. We do not yet how this piece was ultimately purchased by the county.

The April 19, 1972 minutes reveal that Ocean County was placing an application with the State Green Acres Program for Flat Island in the Township of Long Beach for a park. In 1972 Ocean County requesting Green Acres dollars for Gull Island, Kettle Creek and Cattus Island. The 1973 report which was included with our December letter indicated that all of Robert J. Miller Airpark was listed as county parkland. In order for Ocean County to receive the funds for Flat Island, Gull Island, Kettle Creek and Cattus Island, which they did, all the county's recreation lands were placed on the ROSI as required under the Green Acres rules.

Again, PPA feels that Ocean County's request to remove Block 15, Lots 1-3, 4.01, 5.02, 6 & 7.01; Block 16, Lot 1; Block 18, Lot 1.01 in Berkeley Township and Block 2825, Lot 3 in Lacey Township is a diversion of state park land and cannot be handled through an amendment to the ROSI.

Respectfully submitted,

A regular meeting of the Ocean County Board of Chosen Freeholders was held at the Court House, on the above date, with Director Makin presiding and Mr. Portash present at the call of the roll.

On motion duly made, seconded and carried, the minutes of the last meeting were approved, as per copies distributed.

**ROLL CALL:-**

Ayes :- Mr. Portash, Mr. Makin  
Nayes:- None

The following Resolution was read by the Clerk of the Board:-

R E S O L U T I O N

May 20, 1970

WHEREAS, the International Women's Powder Puff Derby, starting from Monterey, California, on Independence Day, July 4th, 1970 and ending in Bristol, Pennsylvania, will have in its illustrious flying ranks a team of Ninety Nines, comprised of Ellie McCullough and Alma Hitchings, Governor of the N. Y. - N. J. Chapter of the International Women's Pilots Organization and Recording Secretary of its Garden State Chapter respectively, with headquarters at Robert J. Miller Air Park in Berkeley Township, Ocean County; and

WHEREAS, this team of intrepid women flyers, in the tradition of the founder of The Ninety Nines, the late Amelia Earhart, are destined to win this intercontinental air race, and carry the sponsorship of The Level Line Inc., of Lakewood, and the support of its President Harry Sussna and Mrs. Sussna; and will originate their Westbound flight and terminate their Eastbound flight at Robert J. Miller Air Park in Ocean County.

NOW, THEREFORE, BE IT RESOLVED by the BOARD OF CHOSEN FREEHOLDERS of the COUNTY OF OCEAN, STATE OF NEW JERSEY, that the flying team of McCullough and Hitchings be and is hereby designated the official entry of the County of Ocean, to bear and carry its seal to and from the race, and may they win first place:

Director Makin asked Mr. Jack Lamping, Public Relations Director, to introduce the distinguished guests. Mr. Lamping stated that Miss McCullough had sent her apologies for being unable to attend the meeting. Mrs. Hitchings was introduced and Mr. and Mrs. Harry Sussna. Mr. Sussna said he was proud and happy to sponsor the flying team for the official entry of Ocean County and hoped that they would win.

Freeholder Portash offered the resolution designating the flying team of McCullough and Hitchings as the official entry of the County of Ocean in the International Women's Powder Puff Derby, and moved for its adoption, seconded by Director Makin.

The Clerk of the Board advised Director Makin that the Board had advertised to receive bids, at this time, on the following:

- (1) Construction of a Covered Bridge, Lake Shenandoah
- (2) Window Air Conditioners
- (3) Hiring of a d-6 Bulldozer
- (4) Lubricating Oil
- (5) Timber Posts
- (6) Steel Channel Posts
- (7) One (1) new 1970 Pontiac Catalina Four Door Sedan
- (8) Two (2) new 1970 Ford Fairlane Four Door Sedans and One (1) new 1970 Ford, 9 Passenger Station Wagon
- (9) Gasoline, Diesel Fuel Oil, and Heating Fuel Oil #2 and #4.

She stated that the bids for the Gasoline, Diesel Fuel Oil, and Heating Fuel Oil #2 and #4 could not be received at this time as an error had been made by the local newspaper in publishing the Notice to Bidders and the same could not be declared a legal advertisement. She then asked if anyone present desired to have the published Notices to Bidders. No one did and she then called for any and all bids on all items except the Gasoline, Diesel Fuel Oil, and Heating Fuel Oil #2 and #4.

The time for receiving bids was declared closed and the Clerk authorized to open the same. The following bids were opened and read:

The Clerk announced that Ordinance #7, introduced on first reading at the last regular meeting of the Board, had been advertised, as required by law, for Public Hearing at this time. The Title of said Ordinance was read.

Director Makin declared the Public Hearing open and asked if anyone present desired to be heard.

Freeholder Portash announced that the \$300,000.00 being appropriated was for the purchase of approximately 450 acres of land adjoining but disassociated from the Robert J. Miller Air park. The land was for multiple purposes and applications for funds from the Federal Government and the Green Acres Program had been made, with a commitment of \$80,000.00 from the Federal Government based on the original estimated cost, which was now being revised with the hopes of receiving an additional grant. Mr. Portash said it was necessary to preserve these lands now as costs were increasing and we must protect encroachment of the air park, protect the water basin and solve several problems. He said the County now has 538.12 acres in park lands or 2.70 acres per 1000 population, while the National average is 15 acres per 1000 population. The purchase of these lands would increase our average to 4.87 acres per 1000, however, with the bay area, our beaches and several State Parks, 10 acres per 1000 population should be adequate and he felt the small parks should go back to the communities and 100 acre parks kept by the County.

Mr. Robert Hernandez, Toms River, spoke, saying he thought this was a beautiful program, however, there was a tract west of the parkway that should also be considered, eliminating a swamp and de-ghettoing Manitou Park. He also said he hoped the County was buying from the people who owned the lands.

Freeholder Portash advised Mr. Hernandez that the County would get Title Policies on the land which consisted of 5 pieces and 5 individual owners. One piece consisting of 221 acres being purchased for \$750.00 per acre, including fees.

Mrs. Margaret Kurz, South Toms River, asked if the County had binders on the balance of the land or could it cost \$1,500.00 or more per acre. She also asked if industry would use this land.

Freeholder Portash advised Mrs. Kurz that the County did not have binders on the land at this time. He also told her industry would not use this land, that the industrial development would be under the jurisdiction of Berkeley Township.

Mr. A. Morton Cooper, Toms River, said FOCUS supported the County's position, however, one point had been missed. Monmouth County had 5 parks used by the school system for education and nature trails and walks. Ocean County does not have such a program. He also said the little parks did not follow the Master Plan and should not continue.

No one else desired to be heard.

On motion duly made, seconded and carried, the Public Hearing on Ordinance #7 was declared closed.

The following Ordinance was offered on second and final reading:-

ORDINANCE #7

AN ORDINANCE APPROPRIATING THE SUM OF \$300,000.00 FOR THE PURPOSE OF ACQUIRING ADDITIONAL LAND AT THE ROBERT J. MILLER AIR PARK, BERKELEY TOWNSHIP, COUNTY OF OCEAN AND STATE OF NEW JERSEY.

WHEREAS, the Board of Chosen Freeholders of the County of Ocean has determined that it is in the best interest of the County to acquire additional land at the Robert J. Miller Air Park, Berkeley Township; and

WHEREAS, proper appraisals have been made of the properties to be acquired and title searches made on the said properties, and

WHEREAS, it is anticipated that in connection with the said acquisition of the properties the total cost thereof will not exceed the sum of \$300,000.00.

NOW, THEREFORE, BE IT ORDAINED by the BOARD OF CHOSEN FREEHOLDERS of the COUNTY OF OCEAN, STATE OF NEW JERSEY, as follows:-

SECTION 1: The cost of acquiring an additional four hundred and thirty-seven (437) acres of land adjacent to the Robert J. Miller Air Park, Berkeley Township, shall be financed by appropriating and taking from the Capital Improvement Fund of 1970 and previous years of this County the sum of \$300,000.00 and transferring same to the Capital Improvement Appropriation.

SECTION 2: In the event that any surplus shall remain in the appropriation made herein after contracts, expenses or charges for the acquisition of the said land have been paid, such surplus shall be then transferred back to the general Capital Improvement Fund of this County from which the said \$300,000.00 was appropriated and taken by this Ordinance.

(Minutes of Meeting of May 20, 1970)

A communication dated May 6, 1970 from the Monmouth County Board of Freeholders enclosing a copy of a resolution, adopted by that Board, opposing the adoption of Assembly Bill #810, concerning employer-employee relations in public and private employment, was received and ordered filed.

The following Resolution was offered:-

R E S O L U T I O N

May 20, 1970

WHEREAS, Assembly Bill #810 entitled "An Act concerning employer-employee relations in public and private employment, creating a board of mediation, a public employment relations commission and prescribing their functions, powers and duties", has been introduced before the New Jersey General Assembly; and

WHEREAS, said Bill would give any public employee, except those on the State payroll, the right to strike; and

WHEREAS, granting public employees the right to invoke work stoppages and strikes is in direct conflict with Constitutional provisions and case law holding that public employees do not and should not have the right to strike against the public interest; and

WHEREAS, if said Assembly Bill becomes law, insufferable damage could be done to the public in that blocks of unions would be given the legal right to close down Government offices and schools whenever their unions do so decide; and

WHEREAS, it is essential to the general welfare of the public to maintain a dividing line between the continuity of essential public services and strikes against private employers.

NOW, THEREFORE, BE IT RESOLVED by the BOARD OF CHOSEN FREEHOLDERS of the COUNTY OF OCEAN, STATE OF NEW JERSEY, that they are opposed to the adoption of Assembly Bill #810; and

BE IT FURTHER RESOLVED that a copy of this Resolution be forwarded to the Members of the General Assembly and the Senator from Ocean County, to Governor William T. Cahill, and also to the Boards of Chosen Freeholders of the respective counties of New Jersey.

W H E R E A S, the Board of Chosen Freeholders of the County of Ocean realizes that a Mass Transportation Study is needed for Ocean County, New Jersey; and

W H E R E A S, this Board desires to make an application for a grant from the Urban Mass Transportation Administration, which is contingent upon the County pledging that it will contribute \$14,833.00 in matching funds; and

W H E R E A S, the necessary funds for the project are not available in the appropriations of the Budget for 1972 and it is urgent that the funds needed be made available.

NOW, THEREFORE, BE IT ORDAINED by the BOARD OF CHOSEN FREEHOLDERS of the COUNTY OF OCEAN, STATE OF NEW JERSEY, as follows:

SECTION 1: The County's share of the cost for a Mass Transportation Study shall be financed by appropriating and taking from the Capital Improvement Fund of 1972 and previous years of this County the sum of \$16,750.00, which sum shall also cover contingencies, and transferring the same to a Capital Improvement Appropriation for the said study.

SECTION 2: In the event that any surplus shall remain in the appropriation made herein after contracts, expenses or charges for the study have been paid, such surplus shall then be transferred back to the general Capital Improvement Fund of this County from which the said \$16,750.00 was appropriated and taken by this Ordinance.

SECTION 3: This Ordinance shall take effect immediately upon its final passage and publication as required by Law.

NOTICE

NOTICE IS HEREBY GIVEN that the above Ordinance was

introduced at a meeting of the Board of Chosen Freeholders in the County Court House, Toms River, New Jersey, on April 19, 1972, and shall be considered for final passage at a regular meeting of said Governing Body to be held at the Court House, Toms River, New Jersey, on the 3rd day of May, 1972, at 11:00 A.M., at which time and place any person desiring to be heard will be given an opportunity to be so heard.

Freeholder Buckelew said this is in line with application authorized to be made for the Mass Transportation Study which would cost \$60,000.00, \$14,833.00 being the County's share. He added that the whole amount might not be needed as we can use "in kind services" toward our share, but we must have the appropriation before we can file the application. We are also filing a State application hoping for one-half of our share from them. We don't know if we will get it but, if we do, it will reduce our cash payment.

The following Ordinance was offered:-

ORDINANCE No. 72-2

AN ORDINANCE APPROPRIATING THE SUM OF \$50,000.00 FOR THE RESURFACING OF KETTLE CREEK ROAD, TOWNSHIP OF DOVER, COUNTY OF OCEAN, STATE OF NEW JERSEY.

W H E R E A S, the Board of Chosen Freeholders of the County of Ocean must resurface Kettle Creek Road, in the Township of Dover; and

W H E R E A S, the necessary funds for the work needed to be done are not available in the appropriations of the Budget for 1972 and it is urgent that the funds needed be made available in order that the resurfacing can be done as soon as possible.

NOW, THEREFORE, BE IT ORDAINED by the BOARD OF CHOSEN FREEHOLDERS of the COUNTY OF OCEAN, STATE OF NEW JERSEY, as follows:

SECTION 1: The cost of the resurfacing of Kettle Creek Road, in the Township of Dover, County of Ocean, shall be financed by appropriating and taking from the Capital Improvement Fund of 1972 and previous years of this County the sum of \$50,000.00 which sum shall also cover contingencies, and transferring the same to a Capital Improvement Appropriation for the said project.

SECTION 2: In the event that any surplus shall remain in the appropriation made herein after contracts, expenses or charges for the resurfacing of Kettle Creek Road have been paid, such surplus shall then be transferred back to the general Capital Improvement Fund of this County from which the said \$50,000.00 was appropriated and taken by this Ordinance.

SECTION 3: This Ordinance shall take effect immediately upon its final passage and publication as required by Law.

Freeholder Portash announced that this is the 4th phase of the County Park acquisition program, number one is Gull Island, then Kettle Creek, Cattus Island and Flat Island. This authorizes filing preliminary application for the 79.? acres. The application will be based on the assessed value of the island. The Federal and State will send appraisers to make appraisals, then if the price is not accepted by the owner it will go into condemnation. The County will not be in the picture. The price will be set, the Federal Government will pay its share on the full condemnation price. The State will not exceed the appraisers price.

Mr. Joseph Transue, Beach Haven, asked if the County would not have some money in it.

Mr. Portash replied not necessarily, it could be 50/50, with the Federal and State each paying half, providing the County could satisfy all of the requirements. If it came out 50/30 then the County would have to take another look at the project to see if they would want to become involved.

On motion duly made, seconded and carried, the Director of the Board was authorized to apply to the Department of Transportation, Federal Aviation Administration, for a program change to include 56 acres of land for the clear zone at the northerly end of runway 6-24, and delete area previously requested in Grant-in-Aid project ADAP #7-34-0041-02, Land Acquisition.

Freeholder Portash said the County was fortunate in having the National Audubon Society make a study of the Mid-County Park, as it would cost a lot less money than hiring a regular concern as they were a non-profit organization and would donate part of the cost. He said the Society had planners, designers and ecologists who would lay out walks, trails, etc. for the park.

Mr. Windsor Dunkin addressed the Board saying that last year when they brought up a situation at Silverton Road they were told there was not sufficient money to do the job. He said they asked for No Passing Zones and Speed Zones which had not been done. He asked if anything had been done about acquiring the property needed, saying Mr. Portash had made a commitment last year that it would be done this year. He was advised that no decision had been made at this time.

Mr. James Muldoon spoke on an application made to the Planning Board for a service station in the Kettle Creek jughandle. The County Engineer said ~~they~~ were awaiting information from the State regarding the matter, however, the jughandle covered a large area to avoid the store that is there now and they did not think there would be any problem.

Mr. Muldoon asked if the property was in condemnation and was told the County was still negotiating. He said he did not think it was a good move (to have the station there) and it should not be allowed. It was before the Dover Township Planning Board who held decision pending action by the County Planning Board.

Director Makin replied that the County approves plans if they have no adverse effect on traffic or drainage, the zoning was under the local level.

Mrs. Sophie Shomer, Toms River, spoke saying she was at the Township Planning Board meeting and they said they were waiting for County approval. She said the State estimated that only 250 cars a day would go into the service station and they did not think this would be a problem, but it was a dangerous corner now and this would be worse. She said a lot depended on the County Planning Board's approval.

Mr. Windsor Dunkin said there was no need for a traffic expert, that anyone could see the problem. He said that the store that is there now has only about 15 cars a day but it is still bad and he was opposed to the station. He said the entrances and exits did not mean anything because people went in and out of either one, that the County is involved because of the traffic situation.

Mr. Mike DeGesa said he could not go along with this thing, that people would go "up in arms". He asked the Board to take a ride and see for themselves what it would be like.

Mr. Edward Carr, Holiday City of Berkeley, spoke of the problem by that development having only one entrance, saying there are 900 homes occupied and 2,000 to be built. He said if they had a severe fire the people would not be able to get out and asked whose responsibility it was for another exit.

Director Makin advised him that the County could not pinpoint that at this time; it should be that of the local officials, however, the County was aware of the need for additional connecting roads in the area and they were working on a solution, saying, "we can't say what it will be or when anything will be done".

Mr. Joseph Transue asked for a report on the Freeholders employing a Manager.

Freeholder Buckelew replied that he was in favor of moving in that direction and all of the members recognized the need, that work must be done on qualifications, budget figures and other matters.

Mr. Transue spoke again on the charge of 35¢ a page for a copy (of minutes or other papers), asking that it be reduced, stating he didn't think they should make money on this but should update things, reduce the cost. He said at the last meeting a resolution was approved for stop signs for two directions of traffic. He had been told by the Township that this can't be approved and asked who was right, saying one was needed in Long Beach Township. (This was a misunderstanding, the resolution did not call for stop signs for both directions of traffic). Mr. Transue spoke again on the widening of Long Beach Boulevard in the Holgate section, reiterating the need, stating he spoke for the people who lived there, as he did not, but that they all paid the same taxes and should be given attention the same as others. He spoke on the drainage problems and said there was a lack of communication, that the local officials did not get the County to act.

Freeholder Buckelew replied that he did not think this was true as the group in southern Ocean County worked diligently with the County and that the Board was aware of the many problems and was trying to do something about them.

There being no further business for the Board's attention at this time, on motion duly made, seconded and carried, the Board adjourned, to meet again on Wednesday, May 3, 1972, at 11:00 A.M., E.D.S.T.
