Native Plant Resources & Nurseries

www.JerseyYards.org

JerseyYards.org was developed by the Barnegat Bay Partnership to help New Jersey residents find native plants and reduce the use of fertilizers and pesticides. You can use their Interactive Yard tool to plan your gardening projects, search their Jersey-Friendly plant database and find sources for native plants near you.

www.PinelandsDirect.com

Pinelands Direct Native Plants provides high-quality native plants and seeds. They only offer straight species native plants at our nursery since these plants are the prime choice for pollinators, birds and all wildlife. They are an online business and will mail the plants right to your home. Their supplier is the wholesale business, Pinelands Nursery.

Bowman's Hill Wildflower Preserve Native Plant Nursery

Location: 1635 River Rd, New Hope, PA 18938

More than 200 species of high-quality native plants—including perennial wildflowers, vines, ferns, shrubs, and trees—are offered for sale throughout the growing season. Most perennial species they sell are propagated in their nursery.
